

Turnbull Clan Association Bullpen

The Bullpen is an exciting program for those who want to have friendly exchange with members of the worldwide Turnbull family by serving as local contacts and resources. Bullpen exchanges and supports are meant to be at a level comfortable to each person. Members are asked to serve as Hosts and/or Resources.

Bullpen Resources are members who are willing to **provide information and recommendations** to others about local activities and services. Resources may also be willing to share their knowledge about varied topics such as photography, genealogical research, recipes, quilt making, fishing, or almost anything of mutual interest.

Bullpen Hosts are members who are able to **offer a local contact to Turnbuls who are traveling**. Hosts are not required to have guests stay in their homes though they may choose to do so. Hosts are willing to meet, when possible, with Turnbuls who are visiting from out of town for fraternal interaction and advice about the local area. Some hosts may offer vacation or study exchange opportunities. Others may provide business networking contacts.

Information about Bullpen Hosts and Resources will be only be available to members from the TCA administration and through a private Bullpen area of the website not available to the public.

If you usually receive the Bullseye by email we are sending you this issue by postal mail as well in order to promote the Bullpen. You will continue to receive you email notifications as usual.

Sign up today for the Bullpen by returning the following form. This is a great opportunity to meet extended family members from around the world and to develop new friendships. You may serve as a Host, a Resource, or as both. Please check one or both boxes, fill in the applicable blanks, and return the form today.

Janet Turnbull Schwierking – TCA Secretary
