Announcements

WELCOME to all the new members...

As of the 5th of April, 2002 we have 138 members. If I have missed sending you a membership card, please let me know.

I have found a company that will make us membership cards in any design we want. If any of you have an idea of what you would like to see on your cards please let me know. Draw me a picture or send me a card you have seen and liked, we can go back to the Dorothy Beck design, let me hear your ideas. The cost is \$25.00 for 1000 cards so what ever we choose will be around for a while.

I would like to announce from the Turnbull Clan Association Officials, the newly formed Turnbull Clan Publications. We are in the process of remaking for framing, The Arbroath Declaration, Leyden's Poem of the Turnbolls, the Turnbull shields, also in progress, is a makeover, of "I Saved the King", hopefully this one will be in 2 sizes. We would appreciate it, if you have something special, that you would like to share with the others, that you make us a copy of your special item and send it in. Dale Hilding is going to Scotland this year and will be looking for items for us to reproduce for all. To cover expenses there will be a small fee per item, but this will also help some funding for the Clan. We need items from the Sept families as well..

Tent Hosts/Hostesses: The above listed items are for your use as well, for the Tents at the Games, a small mark up in the sale price will help somewhat to reimburse your expenses. You can contact Dana Hume or myself for orders, also if you need brochures and applications, please get in touch with me.

SILVIA TURNBULL WIFE OF PRESIDENT JOHN G. TURNBULL HAS BEEN ILL. WE ALL WISH HER A SPEEDY RECOVERY.

As most of you are most likely aware, the cost of stamps is going up by three cents/per letter in the US, I have no idea yet the rate changes for our out of country mail. This is going to be added cost to my budget of around \$5.00 per month. I know it does not sound like much, but overall it adds up. I have already spent \$400.00, so my budget is going to get strained. I will let you know if I decide to drop 1 month with no newsletter, which will most likely be a Clan Prints issue.

I appreciate your notes of praise on the newsletters, your thoughts are important to the success of future issues and to the continued success of the Clan Association as a whole.

I received only one comment on the Children's newsletter, her words spoke volumes. So I will do as suggested and leave the lessons in Scottish family history to the parents and grand parents.

Highland Games schedules are ready, by month, or by state. Let me know, or send me a self addressed/ stamped envelope.

I am in the process of collecting some magazines on how to research your ancestors. Personal experiences really makes the newbies feel better. Anyone who has some sound advice to share, I encourage you to mail it in. For the time being, any family research done by the Clan Association is not allowed under the Tax exempt standing of the 501c3. We can have members as researchers who will work with another member at there own expense, but the Association can not do research using your dues. We do have some family histories at the Archives, and I have some, that might be used as guides. We're working on it for you, it just takes time and helpers are really WELCOME. We have Turnbolls of Virginia; Digby, Nova Scotia; John Turnbull of Louisiana; Olsons; South Carolina Turnbull; Trimbles of Virginia and the mid west. Turnbull of Missouri; Dr. Andrew Turnbull, Florida; Families of New Zealand and Australia..I have some CD's with information, that might have something or places to look further. There is a huge web site for TRUMBULL. One of the objectives here is that we all need to work together for a common goal. I know we have some Rules, Trumbles and Trimbles out there, and Tremley. How about you sending us some information, or become a research volunteer. Writers are need for both Bullseye and Clan Prints.

Members; your input is what makes this Clan Association grow, the dues are necessary, yes, but your personal input is the important factor. YOU are what make the whole thing work. The official you elected, do the organizing, they work for you and you need to tell us what you want us to do... Feedback is your responsibility.

Happy Birthday to all of you in April and May. If your going to spring garden, do be careful out there.

We wish you a Happy Spring...

Certificates of Appreciation

One of the goals of the new Turnbull Clan Organization was to promote the “traditions” of The Turnbull Clan, and my question at that time in 1999 was what traditions. I am not sure if we have a list of what our traditions are, but I do know that traditions grow out of usage of the same procedure or ceremony over a period of years. Given this, one of the traditions that I started with the Annual General Meeting was the awarding of **THE CLANSMAN /CLANSWOMAN OF THE YEAR AWARD**, which is awarded by the President to the person who has made a significant contribution to TCA over the year. Last year the award went to Corey Turnbull, for reasons which should have been well known to all. We have Corey to thank for the enclosed certificates.

Another tradition that I have started is the award of a small present to the Tent Host, where the Annual General Meeting is held. Last year, Mark Turnbull was the host, and he received a copy of the book **BEDRULE AND ITS PEOPLE** by George Tancred of Weems.

However, having seen Mark put up a tent for the last three years, and also having experience from my days attending Highland Gatherings with Bagpipe Bands, there is a considerable effort for anyone to attend the games, set up the tent, and also make sure that someone is always at the tent during the day. As all will note, from the address with the names, all of you will note that for a very small clan, we are well represented throughout the United States, especially in the south. Attached all of you will find a copy of the games that were held, and the person who acted as the host.

I hope that I have covered all of those who hosted any tents, but if there is any omission or correction, then please let me know. This is one of the main reasons why I want to have the Games Activity coordinated by Doug this coming year. We need to know more of what is required, and suggestions for common procedures, to make the whole project easier for everyone.

This may be a small recognition to each of you, but it is another way to say thank you for all of your effort and support in presenting TCA at the various games. It is also another way in which to start another tradition for TCA.

Yours aye,

John G. Turnbull
President
