## The Queen Flower O' the Forest

Britain's Royal Family were in mourning for the second time in as many months with the death of the Queen Mother.

Possibly the most loved member of the Royal Family, the Queen Mother brought joy to those she came into contact with.

Her death came just weeks after that of her youngest daughter Princess Margaret.

The 'Queen Mom', as she was affectionately known, died in her sleep.

She was in her 101st year.

Elizabeth Angela Marquerite Bowes-Lyon  
Born August 4, 1900, in London, at St. James Square, but registered at the family home of St. Paul's Waldenbury, Hertfordshire.  
Died March 30, 2002 at Windsor, England  
The Queen Mom was interred at:  
St. George's Chapel, next to her husband, King George VI, on April 9, 2002
