TCA Growth, Strength, and Happiness

In spite of the seemingly never-ending natural disasters and man-made problems that plague the world this is a great time to be a Turnbull. On behalf of the Board of Directors of TCA, I want to thank each of our members for helping make 2004 a resounding success for the Turnbull Clan Association as we look forward to an even better 2005!

With 71 new members joining our ranks, 2004 was one of the best for growth. Yet growth alone is not a good measure of success. The impact of that growth on each member is what matters most.

TCA is not a service of a few officers to the members of the organization. TCA is very little more or less than the interaction of the membership. Our very name says that we are an association of the extended Turnbull family. We are Turnbull in various shapes and forms by ancestry or by marriage. We are a clan by heritage and tradition. However, we are an association by choice. We have each chosen to join together just as our ancestors did, for strength and for pleasure.

The strength we seek today is that of knowledge and the self-identity of our heritage. We are not die-hards trying to glamorize the good old days. The past was not all that good and it was certainly not glamorous. It did, however, through the traditions and values of those who survived it, help make us who we are today. We become stronger by understanding both our ancestors' virtues to be emulated and their faults to be avoided.

The pleasure we seek is in part the process of gaining and sharing the knowledge of our heritage. It is also the interaction we have with other members of our extended family. Sometimes our interaction leads us to discover a common ancestor. Other times it is simply developing a friendship more easily because of a common bond.

At our September Annual General Meeting in Manchester, NH we agreed to launch a new program called the *Bull Pen* for those who are willing to assist members of the extended Turnbull family as worldwide local resources. The *Bull Pen* is meant to be used as an exchange of resources from TCA members in all countries where there are members. *Bull Pen* exchanges and supports are meant to be at a level comfortable to each member. Some may only be able to provide recommendations to others about local activities and services. Others may offer local contact and support to Turnbolls who are traveling. Some may offer vacation or study exchange opportunities. Others will provide business networking contacts. We look forward to Bull Pen enrollment and beginning to use this resource in 2005.

As TCA grows, the strength of our Clan Association increases the opportunities for our personal growth and pleasure through interacting with our extended family members and friends. How well we do that is the best measure of TCA's success.

Please interact, share, support, learn, grow, serve, and be happy in 2005.

William G. Turnbull and Catherine Fea were born in Scotland. They came to the United States and were living somewhere in the St. Genevieve, Missouri. area when they met and were married September 29, 1859. They settled in Washington County, in Missouri. Later, William G. Turnbull and Catherine's father

went into timber and sawmill business at what was known later as the old Caldwell Mill on Indian Creek, Missouri.

To this union several children were born. One of the children was John James Turnbull. He married Emmaline Douglas, April 21, 1887. They had eleven children, with two dying at birth.

They lived on the Metcalf place down the hill from Metcalf school. Later, they moved to the area around Potosi, Missouri. They farmed in this area. As soon as some of the sons were old enough, they went to Granite City, Illinois and worked in the steel mills until they retired. Most all of the children married and lived in the Missouri area. They have used the Pleasant Hill Cemetery near Potosi, Missouri.

The following are buried at Pleasant Hill Cemetery:

John James Turnbull
Emmaline Douglas Turnbull
Luther Trunbull
Minnie Turnbull
Andy Turnbull
Mabel Turnbull
James Collins
Ruth Turnbull Collins
Howard Turnbull
Katherine Turnbull

There is still space available for about 30 family members. Just before Emily passed away, she was living with a son and family at the old Family Farm. They had a fire and the house burned down. They lost all family pictures and the Family Bible.

Part of this information is by word of mouth, part written and included in the history book and some from Washington County, Missouri records.

The last one (Andy) of this families children passed away February 9, 1997. Most children, grandchildren and great grandchildren live in the Potosi, Missouri area — others in Illinois, Ohio, Arizona and Maryland.

It is interesting that only a few years ago, one of John Turnbull's brothers, Chilton Turnbull, who lived in Montana, had a daughter named Adele -- Lawrence's daughter is also Adele --by chance that would happen.

Please put your checks in the mail. TCA thanks you for your continued support.

As of December 21st, we have registered 151 members for the year 2005. Thirty four of those are new members who have joined since the New Hampshire Games held the end of September. On January 15, 2005 your dues become delinquent and you will not receive the next issue of Bullseye. There are 86 of you who have not renewed yet.

Editor's note we neglected to indicate that the TCA Bylaws were approved in November 2004 by a vote of 110 in favor and 1 against.

Unscramble to anagram and find the holiday connection. Then use the letters in the circles to complete the message below.
