

TCA's New Social Membership

The Turnbull Clan Association officers and members have approved a new membership policy to begin in 2013. Based on work done by outgoing TCA President Rhet Turnbull, this membership structure is designed to increase participation in the clan association, especially by our younger members.

This new social model of membership, available for free to all Turnbull clan members, will continue to provide all the benefits to which members are accustomed plus more, including *Bullseye* newsletters, web news, features, and information, participation in Scottish games and genealogy.

This change is a result of the way people now interact with each other. Social contact is increasingly virtual (online) and casual. It is personal and is more about family and friends than about history and heritage. Consequently, TCA's policies have been re-designed to support the virtual and physical interaction of family and friends while encouraging knowledge of our clan history and heritage.

Anyone who is a Turnbull or a member of an allied sept is already a member of the Turnbull Clan. That is his or her birthright and is part of the foundation of the clan system. Another important part of the clan foundation is the concept of being united and coming together to support each other. That is also a primary purpose of our Turnbull Clan Association. TCA provides a way for clan members to unite virtually and to share socially from all over the world.

Turnbull Clan Association membership registration is free and easy. The computer screen pictures following this article illustrate the simple steps involved. Members will be expected to maintain their own accounts through the TCA website. Those who are unable to do so, may e-mail their information to secretary@turnbullclan.com or send it by postal mail to:

Chris Nelson - TCA
29 Fremont St
Tonawanda, NY 14120 - USA

In addition to an active and extensive website available at www.turnbullclan.com members are encouraged to join and participate in the Turnbull Facebook page.

www.facebook.com/TurnbullClan provides Turnbull related news and features. Anyone can read what is posted on this page but you must have your own Facebook account to post messages.

Bullseye newsletters, features, history, and genealogy records are available on the turnbullclan.com website as before.

Accounts have already been created for most members who have previously registered with TCA. User names and passwords have been sent by e-mail to those members for whom TCA has an e-mail address. When these pre-registered members login they will have the option of updating or changing their personal information, including username and password.

Because membership is free we encourage members to support the activities of the clan, including tent hosting at Scottish events, by becoming contributing members with a voluntary annual dues of \$24 and with donations to TCA.

Because of printing and mailing costs, the *Bullseye* newsletter is only available by post to contributing members. It is available online as a download for free to all members at www.turnbullclan.com.
