Help Dad Golf

In a Nutshell

Gowf, or golf was a game played on the eastern coast of Scotland in the Kingdom of Fife in the 15th century. The game first used sticks to hit pebbles around natural sand dunes and rabbit runs. By 1553 the clergy at St. Andrews Cathedral allowed the public to play the game around the grounds of the church. Formal rules of the game were drafted around 1744 and by 1764 the eighteen hole course was constructed around St. Andrews. By this time sticks and pebbles had changed to beechwood, apple wood, or iron club heads attached to ash or hazel wood shafts. Balls were made from tightly pressed bundles of feathers wrapped in a stitched horse hide sack.
