Dear Mrs. Berk,

I was sorry to read in the newsletter of your water problems. As an insurance adjuster, I can really sympathize with what you had to go through.

Since writing you on Nov. 2, I've gotten some additional info on the family - At that time I advised you that my grandmother's name was "Harriet" Grace Risley not Grace Risley as I originally thought. I ordered 2 crest pins and enclosed my checks. Since not hearing from you, I thought I'd better check to see if you'd received my letter.

I have more info on the Risley side - not much on the Turnbulls.

There is a Canadian Library here that I hope to research. There is also an atty. in Toronto that I am waiting to hear from. He handled an Estate for Jean Turnbull and had contacted my folks about it.

Anyway - I'll keep looking -

Hope your Holidays are wonderful.
